| Terms and Conditions for the use of Neva4Get |
|---|

By using the service users agree to be bound by these terms and conditions

- 1). Neva4Get is a text based appointment and event reminder service owned and operated by Ubiquite Ltd. 18 Hargrave Road, Shirley, Solihull, B90 1HX Tel: 0121 474 4682. Email cs@neva4get.com
- 2) Each reminder request incurs a one off set up charge of £1 plus your standard network charge for texting. This is collected by means of a reverse billed premium rate text response to confirm set up.
- 3) Reminder requests carrying an invalid date format or a date that is not in the future will be processed as normal and still incur a charge. An alert text will be issued explaining the problem encountered.
- 4) All communications are sent only to the originating handset number. To this end users making a reminder request, in doing so, confirm that the handset they are using is theirs or that they have express permission to use it for such purposes and are allowed to incur such charges.
- 5) Users sending in requests accept that any text submitted by them to the service will form part of any subsequent message sent back to their handsets either by way of a reminder or confirmation. Users agree to refrain from submitting text containing profanities, material which is of a sexual or racist nature, or other such material likely to cause offence.
- 6) Where the event to be reminded is in excess of 5 days in the future, automated reminder texts shall be sent to the originators handset number 5 days in advance of the event and also on the morning of the event. Where the reminder is for an event which is closer than 5 days the automated reminder will be sent 1 day ahead of the event only.
- 7) Reminders are issues at 08:15am each day and are confirmed to have been delivered to the network operator to which the originating handset is connected. UbiquitE Ltd. cannot be held responsible for delays and failures within your operators network leading to late or non delivery of your reminder.
- 8) Whilst we make our best endeavours to ensure reminders are issued correctly and in a timely manner, UbiquitE Ltd. Cannot be held responsible for consequences arising from late or non arrival of reminders.
- 9) UbiquitE Ltd, reserves the right to bar handset numbers from using the service following misuse or if we are ordered to do so by a UK law enforcement body.
- 10) Your statutory rights are unaffected by anything within these terms and conditions.
